Bandhu Social Welfare Society has been working since 1996 for the wellbeing of Gender Diverse Population. Since then Bandhu has taken so many advocacy initiatives with secondary stakeholders so that they can come forward to create a positive image of this minority groups in our society. In this view, under the USAIDs Rights for Gender Diverse Population Project (RGDP), Bandhu planned to conduct sensitization workshops with school children and parents during the project period.
In 2019, Bandhu conducted four workshops under Dhaka Division covering regional areas. These Schools are:

- Pogose Laboratory School and College, Sadarghat
- Abdullah Memorial High School, Baunia, Dhaka
- Siddique Memorial School and College, Dhaka
- Excellent High School and College, Tongi, Gazipur

A total of 445 participants representing the students of class VI to X, including President of the schools, Head teachers, Teachers, members of school management committee.

The objective of these events was to create awareness among students on Gender Diverse Population and make bridge for reducing the drop rate from the schools.

The contents were Gender and Sexuality, Sexual Orientation and Gender Identity issues, Basic of Sexual and Reproductive Health and Rights (SRHR), etc. To make more interactive sessions, the Facilitators conducted many groups works and role plays throughout the session.

The major learning of participants was:

- Participants were well informed about the Gender and Sexuality
- Culture and traditional life of hijra
- Changes of adolescent period including male, female and Hijra
- Coming out process of Hijra and role of classmates towards them
